

The most selling book of all the times

A genie named fazal broke the law of god for his desires and peace.

Fazal mother was elder sister of the kid whose life was destroyed by fazal.

The kid met fazal for the first time and he didnt like him because he didnt looked cleaned and kid saw fazal face looked like bad to him but since fazal was relative of him he continued to do friendship with him and kid didnt knew that fazal is a genie of shias and fazal started disliking kid because he was selfish and stayed with poor people and he was genie and when genie comes to know someone doesnt

likes him then they do opposite to what others understands or thinks for them.

Fazal started disliking kid and he was a genie which kid came to know that he was kid of imam mahdi and controlling sartaikh ka alawa of imam zainul abideen and because fazal didnt like the kid all shias in his city and country started disliking kid and the kid didnt knew anything about it he didnt left praying for allah because he was taught to pray for allah so he will help him but since fazal rule continued in his city and country so allah believed in fazal to be true and didnt help the kid.

Kid liked a relative girl and he felt in love with her and fazal interrupted and one day

fazal and girl whom kid likes was sitting besides him alone in a place and earlier because fazal didnt liked kid then kid life became bad and he was in adultery even if it was not his puberty time and when fazal and girl whom kid likes was sitting besides him the kid was not in control and kid brought adult magazine to show for his cousins who were male but unfortunately the girl whom kid likes saw the adult magazines and maybe she showed her to mother and when fazal and girl was sitting with kid the girl asked what happens or something and the kid replied our private part grows and he didnt know why he said it because he was shy and he was not bad and he never wanted to say something like

this but fazal was besides him and he was a genie and he controlled kid and the kid didnt know anything about fazal genie son of imam mahdi.

Kid life was in prison by genies because fazal didnt liked kid and kid grown and he was watching adult movies and at the same time he was praying but he didnt know that to tell genies he have to remember what happened with him he always use to remember he is fine and good and parents takes cares of him.

Kid father with whom he was living was also genie who didnt liked the kid since he was kid because the kid think something for his mother from which his father became his enemy since childhood and he

was genie of allah, genies kills there
childrens for there allah so nothing
happens to allah and kid father did the
same he didnt use to tell anyone een after
knowing his religion hates his kid and
dislikes him and the kid use to do
masterbation regularly and stay with his
father in the same room and father use to
see kid daily but he didnt use to help his
kid because he was genie of allah who can
kill anyone for allah and can do anything
for allah who doesnt have sentiments or
emotions or anything.

Fazal and kid became young and kid still
didnt know that fazal is enemy of him
since childhood and kid prayed after he
was left to die because of fazal and shias

and muslim dislikeness to do adultery by watching adult movies.

Because of fazal kid didnt get the girl whom he liked and the girl was married to somebody else and whenever the kid remembered he told to girl that private part grows memory then fazal genie use to make life bad of the kid by keeping genies in his head (maybe) as the kid came to know his genies came inside his head after he belived. Fazal was a genie and acts on memory of anyone to make life good or to make life bad who didnt had control on himself and made life bad of kid by breaking law of god and laws of all gods because a genie cannot take revenge with anyone for personal reasons but fazal took

revenge for personal reasons and his allah didnt even knew truth and after his allah and muslim genies came to know truth they tried to kill fazal but fazal knew something from which he didnt dies and it was knowledge of worlds of god that who is truth in anything in the worlds of god they are saved and to continue living they have to fight with any truth through spreading riots and terrorism and win and live.

Fazal knew what is the world of god about and muslims knew what is the world about that means if any genies are true then they dont die and they believe in them when dying from whom they die so if those who kills them are true then who dies becomes

alive by believing in truth that those who are killing them are true.

Kid was young and after he prayed for torah he got genies and fazal was biggest enemy of the kid and the girl genie of kid whom he liked and had kid came into reality and kid didnt knew that it was her genie because allah didnt wanted the kid to see genies otherwise he will become wrong so girl genie of the kid family visited the kid offering marriage and they didnt like the kid having small hairs in head and it was because of fazal who was not letting kid to marry with anyone or maybe love anyone so he doesnt loses from him.

Whenever the kid was thinking to marry anyone then fazal was making relationship

with those girls by saying he loves girls very much and he cannot stay without them and he wanted to marry those whom kid wanted to marry.

Fazal immediately took fate from the kid to marry the girl genie with whom he had kid and he born kids so the kid lost from him and his imam mahdi and allah too because some believes that allah was loosing from the kid when kid was believing in unseen god who had no name by believing.

Khuda genies came to know truth that fazal is wrong and he took personal revenge and its against law of gods and its against laws of genies world and they said fazal you have to die but he didnt die and

most of the genies came to know in the world because of fazal the kid life became bad and he is not dying so kid life becomes good.

The girl genie of the kid who married fazal didnt know that when fazal power increases the kid is punished by his genies who were shias and muslims and family of imam mahdi.

The girl genie of the kid was in control of fazal and by becoming fooled he told that her true love who is the kid must not come in the worlds of god so he lives a good human life by not knowing at any time death can happen to the kid if he doesnt comes in the worlds of god because of fazal and imam mahdi and allah who are

there enemies and who wanted to finish the kid after knowing he is the son of hashem of jews (jewish god)

Shias used knowledge to fool everyone who tried to save and love and true love the kid because there allah was dying and islam would have been finished if there allah dies because allah is fake and those dies who are fake.

Fazal is still alive and to save him the kid girl genie comes and saves her whenever death comes to fazal. Because fazal married a genie girl and he has kid with her so a partner will do anything to save her partner.

The kid told to the girl genie leave fazal and marry me and stay with me i know you

love me truly and you have kid with me
but girl genie of the kid life was good
because fazal and his religion was taking
fate from the kid after knowing he is son of
hashem and all religions belongs to him. So
islam and allah decided not to bring the kid
into worlds of god so they can continue
taking fate from kid to make there religion
rich and make there new heaven so when
kid doesnt comes in the worlds of god its
very easy for islam and allah to theft
property from kid by forcing him to
understand bad and think bad and go
against anyone so islam and allah genies
becomes true and they bring kid property
into reality just like they brought until now

many things which the kid also doesn't know.

Find out what Islam and Allah has brought into reality by taking fate and property of kid and how they took fate and property. It will be an adventure to know through knowledge what is truth and tell the worlds of God about devils and devils God who is Allah.
